

Daniels County Local Area Council Report

Daniels County LAC met for our regular first Saturday of the month meeting at Nemont Friendship Room on September 7th. Barbara Kuester, Billings, was a special guest. She presented information on Children's Mental Health Bureau Montana i-home Wraparound services. Reports on recent Mental Health First Aid (MHFA) held in Glasgow in collaboration with Valley County LAC, our CMHC client emergency fund and a grant application to Mental Health Trust were reviewed. A mission, vision and values statement was distributed to be reviewed and voted on for adoption at our October meeting.

Our underlying focus continues to be on strategic planning for community visibility and service.
